

Para Information...

Hi all, I just wanted to pass on some information I thought could be useful. Lately the topic of updating resumes has been brought up so I thought it would be helpful if I sent a couple of links with some examples that may be helpful.

Remember when applying for a new position make sure to update your resume. It is helpful to see all your previous and present experience when applications are being reviewed. It is up to you to make sure the district knows whether or not you are qualified for the job you are applying for.
